

Tarawera Legacy

Combines three attractions to tell you Rotorua's greatest story...

Through the Tarawera Legacy visitors will experience all of Rotorua's unique elements - culture, geothermal activity and our beautiful lakes and forests.

Follow in the path of the Tuhourangi people, a sub-tribe of Te Arawa, from their arrival in the Rotorua region through the devastating 1886 eruption of Mount Tarawera to the current day. In this moving story of strength, courage and resilience you will encounter legendary Tuhourangi ancestors, discover their warm culture and traditions, and become part of the dramatic events that changed the course of history for the Rotorua region.

Tarawera Legacy combines three local attractions to tell you Rotorua's greatest story.

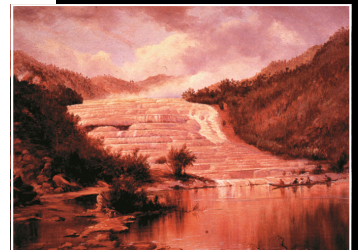

- Experience the violent 1886 eruption of Mt Tarawera at **Rotorua Museum**.
- Explore the excavated site of Te Wairoa at the **Buried Village**.
- Meet descendants of the survivors of the eruption at **Whakarewarewa** the living thermal village.
